MT. STERLING, KENTUCKY, WEDNESDAY, FEBRUARY 10, 1909.

NUMBER 31

PRESIDENT ROOSEVELT

To Be Canned by the State League of Kentucky Postmasters.

At the conclusion of the ceremonies at the Lincoln Farm on February 12, 1909, Robt. E. Wood, postmaster at Louisville, Ky., with the help of the members of the State League of Kentucky Postmasters, present to President Roosevelt, a cane made of wood grown on the historic farm. This cane will be gold mounted, and suitably inscribed.

President Mc. H. Webb has called a meeting of Postmasters of the Fourth class of Kentucky, on February 11, at Louisville Custom House, to make arrangements to attend in a body the ceremonies at Hodgenville.

Many Sleepless Nights, Owing to a Persistent Cough. Relief Found at Last.

"For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Hayner, editor of the *Burley, Colo., Bulletin*. "Various remedies were tried each year, with no beneficial results. In November last the cough again put in an appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by R. H. White & Co., 304 New Kansas Senator.

The election of Joseph L. Bristow, of Salina, Kan., as United States Senator for the six year term, beginning March 4, was ratified by the House and Senate in joint session at Topeka, January 27. He as Fourth Assistant Postmaster-General, rid the Department of some abuses and was instrumental in sending some of the attaches to the penitentiary. He was a native of Wolfe County, near Hazel Green, Ky.

Japanese Excluded.

The California Legislature passed a bill segregating the Japanese school children in separate schools along with the Chinese, Koreans and other Asiatics.

President Roosevelt, in a telegram to the Governor, said: "Your kind letter just received, What I understand just received, the California Legislature has passed a bill excluding the Japanese children from the public schools? This is the most offensive bill of all, and, in my judgment, is clearly unconstitutional and we should at once have to test it in the courts. Can it be stopped in the Legislature, or by veto?"

Two years ago he said "that to shut them (the Japanese) out from the common schools is wicked absurdity, when there are no first class colleges in the land, including the universities and colleges of California, which do not gladly receive Japanese students, and on which the Japanese students do not reflect credit."

MUCH TO LEARN FROM JAPES.

"We have as much to learn," said the President at that time, "from the Japanese as they have to learn from us, and no nation is fit to teach unless it is willing to learn."

Farm Animals in Country Valued at More Than \$4,500,000.

Horsemens in the United States number 20,640,000 and were valued at \$1,974,052,000, an average of \$93.64 per head, on January 1, according to the Department of Agriculture.

The report a total value of \$4,25,259,000. The number and value of other animals follow:

Mules, 4,053,000; value, \$437,000,000; cows, 21,720,000; value, \$702,915,000; other cattle, 49,379,000; value, \$62,454,000; sheep, 36,045,000; value, \$12,322,000; and swine, 54,147,000; value, \$34,790,000.

Diarhoea Kills.

Thousands of young pigs die every spring from diarrhoea which is caused by a bacterial condition in the sows and is transmitted to the pigs through the milk. Bourbon Hay Cholera Remedy prevents milk-fever in sows and keeps the pigs healthy. Sold by W. S. Lloyd.

Alligator Steaks For Taff.

New Orleans will give President-elect Taft a big time when he returns from Panama next week and an offset to the "possum supporters" of Georgia he is to be treated to alligator steak. M. B. Trezevant, secretary of the organization that entertains Judge Taft, is determined that Louisiana shall not be behind Georgia in furnishing unique viands for him.

Rev. A. E. Carnahan Thinks of Old Kentucky.

Prairie Grove, Ark., Feb. 5, '09.
Editors Advocate,

Mr. Sterling, Ky.

Dear Sirs:—When I stood West I promised to write you and at this date will carry out my promise. We left Kentucky in the latter part of August, 1907, and went to Cameron in North West Missouri. In December following we made a visit to Arkansas and returned again to Missouri in February, 1908. Missouri is a fine country but we decided to go from there to the Gulf Coast country of Texas. But before we could carry out this plan I received and accepted a proposition to teach school in Arkansas. So we moved to Arkansas about the first of July, 1908. Soon after moving I school opened I received a call to preach to two churches and from that time on have had my hands full. One of my churches is at a place known as Cane Hill, where I was reared and educated, and ten miles from where I now live. It is an old college town, Prairie Grove is a new town of about 1600 inhabitants, and on a branch of the Frisco running from Fayetteville, Ark., to Muskogee, Okla. I have been about 13 years since I left Arkansas and many changes have taken place. One place where all is now wild woods is the town of 1200 or so inhabitants. Good farm lands are worth about \$50 per acre. Land in bearing apple trees sells for \$100 per acre. There is much land suitable for apple growing which can be bought for much less than farm lands. The chief industry is fruit growing, and the country is fast becoming a vast orchard. There are many ex-Kentuckians here. The same is true of Missouri. Thus far the winter has been mild—ten above being the coldest and one below being the warmest. I have enjoyed the best of health and the health of my family has also been good. I lived in Kentucky from June, 1892, to August, 1907. My ancestors left Kentucky in 1809 and came to Arkansas in 1811. They were from Logan County. The log house built by my great-grandfather, Rev. John Carnahan, is still standing in the county above named. It was erected some time previous to 1791. So I have many reasons to remember Kentucky, and often think of it.

A. E. CARNAHAN.

Farmer Killed By Train.

A Morehead dispatch says: John Burton, a farmer of near West Liberty, Ky., was killed Tuesday night of last week, about five miles east of Mt. Sterling, by C. & O. train No. 24. His body was brought here on the same train. The railroad company instructed Undertaker S. Bishop to furnish a casket and send his home. He leaves a wife and nine children.

WARM AND DRY TO STAY WELL

Tells the Readers of This Paper
How to Prepare the Mixture
at Home and Other Advice.

Now is the time when the doctors get busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kangu, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they can easily supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

Prize Jersey Cow Gives 8 1/2 Tons of Milk in Year.

A. O. Auten, of Jerseyville, Ill., claims the world's championship for his Jersey cow, Jacoba Irene. Auten has a herd of cattle which he also claims the largest average production in the world.

Jacoba Irene is No. 146,443 in the Jersey registry. The test began January 25, 1908, when a new calf was born, and ended Sunday night, January 24, 1909. During the year the cow produced 17,253 pounds of milk, containing 1,122.58 pounds of butter.

The total amount of food she consumed during the year was: Bran, 1,693.5 pounds; corn, 660.5 pounds; oil meal, 485.5 pounds; grain, 1,614.5 pounds; oats, 362.5 pounds; corn shucks, 7,400 pounds; cut alfalfa hay, 1,074 pounds; hay, 5,000 pounds; straw, 16,240.5 pounds.

In addition the cow was in pasture for five hours a day for four months. The total cost of her feed was \$86.43.

The total value of her butter, at the average Elgin quotation of \$2.43 a pound, was \$325.54. Her best day's yield of milk was 63.8 pounds, over eight gallons.

Auten has refused \$5,000 for the bull calf, which is just a year old. He sold a heifer calf last year for \$1,000. He says he would not sell Jacobs Irene for any price. She is now 10 years and 9 months old.—The Memphis Press.

Public Renting.

By virtue of an order entered by the Montgomery Circuit Court at its January term, 1909, in the case of James G. Walker & Co., vs. Sam'l Walker & Co., I will be on Saturday, February 20th, 1909, at 11:30 a. m., on the premises cont to the highest bidder for a period of one year from March 1st, 1909, the home farm of Mrs. Frances Walker, consisting of about 157 acres of land and situated partly in Montgomery and partly in Bath counties and near Walker's Crossing, as much of said land to be activated in the party renting may desire.

The person renting said land will be required to execute bond for said rent with approved security and due March 1st, 1910.

PRESIDENT'S SAFETY.

Reports are that President-elect Taft is accompanied by two "secret service" men, private body guards. To us this appears to be bad policy, unnecessary, an arouser of suspicion, un-American.

Mr. Sterling and other towns are criticised because some men who lack discretion and self control can not resist the temptations that meet them when they go to town. As long as men refuse to obey the gospel they are more liable to fall and suffer dishonor.

GOVERNOR TURNED DOWN.

The Legislature of Tennessee passed a bill to "prohibit the manufacture in this State of intoxicating liquors for the purpose of sale."

Governor Patterson vetoed the bill as he did the bill against the sale of liquors.

His VETO MESSAGE was in part: "If this Legislature shall destroy all the distilleries and breweries why cannot the next forbid the raising or selling of the grains or the cultivation of the grape out of which spirituous, malt or vinous liquors are made?"

"Shall this or some future Legislature prevent the farmer from raising or selling tobacco or the manufacturer from planting it on the market?"

"If we thus start where shall we end? Is it better to make the state a desert? In the exercise of my constitutional power as Governor I veto this measure and ask its re-consideration."

"First—Because it ruthlessly deprives the State of revenue without any sort of corresponding benefit."

"Second—It discriminates against our own people in favor of the people of other States."

"Third—It destroys the property of the citizen without compensation."

"Fourth—It makes a dangerous, pernicious, humiliates Femmes and lowers the place of dignity she has occupied as one of the proudest and most conservative of the Union."

"It violates the will of the people twice expressed at the ballot box, offends against their sense of justice and under the plea of civic righteousness, sacrifices a great moral principle of government at the very altar where it should be guarded and defended."

If the people of any town or state have a right to place restrictions upon a pig pen or a soap factory because their existence is offensive to the smell or is dangerous to health, have they not a right to suppress altogether if said pen or factory spreads contagion and destroys lives in a town?

If the sale of intoxicating liquors is a blessing to a community, if it brings more happiness than sorrow, more honor than shame, if it is a public necessity ministering the comfort and strength of men, women and children, why is any restraint put upon the traffic? Why impose heavy licenses for the privilege of conducting the business? Why is a police protection required in a necessity where liquor is sold? Why say to a saloon keeper you must pay \$900 or \$1,000 or \$2,000 for the privilege of selling, when a dry goods merchant, a hardware man, a grocery man carries on his business without such burdens?

If the raising and selling and eating of grain and grapes should be attended by some evil effects—attend the sale of whiskey, we think that wisdom, prudence, public safety and happiness would require restrictions, or prohibitions.

"Deprives the State of revenue." We have heard that before. Which is preferable revenue or blindfolded hopes, impoverished homes, broken hearts, assassinated Carthicks, filled penitentiaries and an unending series of crimes traceable directly to the whiskey traffic?

"It destroys the property of the citizen without compensation." Saloon keepers and distillers, while giving employment to some men, may during their entire business career be taken from the patrons of saloons money, honor virtue and strength "WITHOUT COMPENSATION."

If the CURE question is DOLLARS and Dimes instead of daddies and daughters, the State would make a good trade by paying for the distilleries and burning them if no better disposition can be made of the property.

If another person is damned, eternally led astray by your influence, is that nothing to you? Yes, I am my brother's keeper, without having a chain around his neck to lead him as if he were a poodle dog.

Do not forget the college, depot, railroad and sewerage projects.

Don't be a kicker unless there is something that ought to be kicked.

Mr. Sterling killed him. Year after year it goes on. Men from West Liberty, men from Owingsville, men from Salt Lick, men from Farmers, men from Morehead meet their death at Mt. Sterling. Mt. Sterling killed him. His wife is a widow, his children are orphans because Mt. Sterling sent them to have whisky sold on her streets.

Mr. Sterling killed him. How did we have great leaps of legislation? "He had been killed."

"Come in and drink." Was he killed? Died like a dog in his very prime? Yes, he had been to Mt. Sterling. Was he cut up and bruised in a fight? Yes, he had been to Mt. Sterling. Did he, usually a perfect gentleman, insult a lady on the streets? Yes, he had been to Mt. Sterling.

Mr. Sterling, did you ever think of it? You are responsible for many a crime in all these counties, hereabouts. Now, in many cities larger than you there are no saloons, but the whiskey traffic has swept over the County. Put them out and shake from your skirts the awful responsibility for the crime and misery of your sister towns, Morehead, Mountaineer, Feb. 3.

This is one expression regarding us. We have referred to the killing in Menifee, when Phelps and Woolard, brothers-in-law, killed each other, after drinking whiskey sold on SUNDAY in a saloon in our MONTGOMERY COUNTY.

President R. H. Crossfield, of Transylvania University, Lexington, was here on Monday to confer with Profs. Cord and Hopper relative to a course of free lectures in our city. We can not now give details but are sure they will be of great benefit to our community. The speakers selected are: Pres. Crossfield, Dean McCarty, Prof. Steiner, Prof. Jefferson and Prof. Shull. Their subjects, time and place will be announced. These lectures are in the interest of general education, and a special campaign for the home, the school and the State. About 20 Kentucky towns will be favored with these and other lectures.

EAT SAUSAGES

AND NEW BREAD

Or Any Other Favorite Food
Without Fear of an Upset

Stomach.

You can eat anything your stomach craves without a fear of a case of Indigestion or Dyspepsia, or that your food will ferment or sour on your stomach if you will occasionally take a little Diapessin after eating.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump or acid in stomach), Biliousness, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapessin really does all the work of a healthy stomach. It digests your meals when your stomach can't. Each triangle will digest all the food you can eat and leave nothing to ferment or sour.

Get a large 50 cent case of Pap's Diapessin from your druggist and start taking today and by tomorrow you will actually brag about your healthy, strong Stomach, for you can then eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance. 30¢

Public Sale of John McClain Farm

By an order of the Montgomery Circuit Court, the Master Commissioner will on Court Day, Feb. 15th, 1909, at the Court House door in Mt. Sterling, Ky., at one o'clock p. m., sell at public outcry to the highest and best bidder, the John McClain farm, consisting of about 124 acres of land. This farm lies on the Spencer turnpike about one and one half miles from Mt. Sterling and is well watered and has good improvements, including barn room for about 15 acres of tobacco. The farm will be sold on 6, 12 and 18 months time, or the purchaser may pay cash at his option, for said farm, upon the confirmation of the sale by the Court. Possession of the farm will be given on March 1st, 1909.

Manship.

We were pleased to hear Lieut. Governor Johnson, of Mississippi, lecture at court house on Saturday evening. Profs. Cord and Hopper deserve a liberal patronage in their effort to furnish a series of high class entertainments. Hear the concluding one, which will be duly announced.

The Scholarship Plan.

The proposed plan to obtain grounds and building for Mt. Sterling College Institute will be known as "The Scholarship Plan," and every citizen of this city and county who is interested in all education should subscribe for at least one scholarship. The plan should take more. The details of the plan will be given in full in the papers, and circulars setting forth the plan will be issued to everybody will be called upon to help the enterprise. Here will be the best plan yet offered to secure a school well housed and equipped. Watch for particulars. Help push the matter.
